**LES YEUX
ORANGE**

Les Yeux Orange started early 2013, when Raphaël and Stan team up to share their passion and knowledge of electronic music. Long time collectors and DJs, they start off by creating their Youtube channel and sharing podcasts of international DJs.

Shortly after, they started their premiere series, hosting exclusive unreleased tracks from upcoming releases on a daily basis and becoming to be known as one of the best curated Soundcloud platforms. They launched their eponym label and the Good+ imprint, which have been bestsellers in the Edits category !

In the meantime, they began to throw some of the best intimate parties of Paris in La Rotonde Stalingrad, inviting international guests and slowly but surely giving the club the reputation of an unavoidable pillar of the local scene. They are gradually invited to play all over France and Europe.

Their ability to captivate the dancefloor through a large spectrum of the finest underground electronic music always promises a magical journey !
